

## Keychain HILLE

Code: **17867**

Price: **€2.74** Net

---

HILLE is a key ring original and unconventional. The combination of graphite-colored metal with an element of leather-like material (PU) give an extremely elegant appearance. In addition to the function of a key ring, it also has the function of a cap opener and a snap hook, which quickly and easily allows you to attach the key ring to, for example, a belt loop in your pants. In this way, a bunch of keys is always within reach. Packaged in a brown paper envelope.
